TERMS AND CONDITIONS

CONDITIONS AGREED BY BOTH PARTIES

A. Acceptance, Modification.

Acceptance by Buyer of delivery of the goods indicates acceptance by Seller and Buyer of the Warranty and Terms and Conditions herein. Any additional or different terms proposed by Buyer shall be deemed objected to by Seller without need of further notice of objection and shall be of no effect nor in any circumstances binding upon Seller. No provision of these Terms and Conditions shall be deemed waived, amended or modified by either party unless such waiver, amendment or modification be in writing signed by a duly authorized signatory of the party against whom it is sought to enforce the waiver, amendment or modification.

B. Cancellation.

This sale cannot be canceled except upon terms that will compensate Seller against loss and not unless written approval of said cancellation has been obtained from Seller.

C. Claims.

- (1) Buyer is deemed to have accepted the Products unless written notice of rejection is given within a reasonable time, which is agreed to be within three (3) business days after receipt. Failure to make such claim within the stated period shall constitute irrevocable acceptance and an admission that the goods fully comply with terms, conditions and specifications.
- (2) Claims of late delivery are barred unless made prior to receipt of Products and the receipt of any Products shall constitute a waiver of any claim that they were received late.
- (3) No return of Products will be accepted by Seller without a Return Material Authorization number (RMA#), which will be issued at Seller's sole discretion. Returned Products should be in original shipping cartons and be complete with all packing materials. A complete description regarding the nature of the returned goods must be included with all returned Products.
- (4) Custom programmed or custom printed cards or tags are not returnable. Stock items returned for credit must be pre-approved by Seller and must be assigned a return material authorization number. These Products must be in their original packaging.

D. Delivery and Title.

Subject to Seller's right of stoppage in transit, delivery of the Products to a carrier shall constitute delivery to Buyer, and risk of loss shall thereupon pass to Buyer, however title shall remain with Seller until Buyer makes payment in full under the contract. Products invoiced and held by Seller for any reason shall be at Buyer's risk and expense. Delivery route shall be at the discretion of Seller unless specifically designated by Buyer.

E. Price Fluctuations and Product Specifications.

Prices quoted are in effect for thirty (30) days from date of quotation after which time they are subject to labor and/or material cost fluctuations. Prices and product specifications are subject to change without notice.

F. Governing Law.

This sale shall be governed by the laws of the State of California.

G. Taxes/Freight.

Unless otherwise agreed in writing, the amount of all transportation charges from Seller's location and all taxes or other charges now or hereafter imposed by any governmental authority upon the sale, purchase, resale, delivery, manufacture, production or possession of the Products specified herein, which may be paid by Seller or for which Seller is liable, shall be paid to Seller by Buyer in addition to the purchase price of the Products.

H. Payment of Invoices.

When Secura Key grants an open account, payment is due within the terms set for the account. If payment is not received within that term, a finance charge of 1.5% per month will be assessed on the unpaid delinquent balance. In the event payment is not made in a timely manner and additional orders are received or are in process, Secura Key may place the account on hold pending receipt of all amounts due.

I. Advice.

If technical advice is offered or given in connection with the use of any Products it will be given as an accommodation to Buyer and without charge and Seller shall have no responsibilities or liabilities whatsoever for the content or use of such advice.

J. Installation/Training.

Buyer acknowledges that no installation, training or contracted education is contracted for or purchased under the terms of this contract unless specifically agreed in writing. In the event that Buyer receives any training from Seller with respect to the Products, then, in that event, such training is personal to the person receiving such training, and Buyer acknowledges that any person receiving such training may not be capable of operating the Products.

K. General.

- (1) This contract contains the entire agreement between the parties and supercedes any prior or contemporaneous oral or written agreements or communications between them relating to the subject matter hereof.
- (2) This contract may not be assigned, modified or cancelled without Seller's prior written consent, and any attempt to assign, modify or cancel it without such consent shall be absolutely void
- (3) No delay or omission to exercise any right, power or remedy accruing to Seller upon breach or default by Buyer under this contract shall impair any such right, power or remedy of Seller, or shall be construed as a waiver of any such breach or default. All waivers must be in writing.
- (4) In the event any of the provisions hereof shall, for any reason, be held void or unenforceable, the remaining provisions shall remain in full force and effect and shall control.
- (5) Any provisions of this contract prohibited by the law of any state shall, as to said state, be ineffective to the extent of such prohibition without invalidating the remaining provisions of this contract.
- (6) It is agreed that in the event of a dispute between the parties, for any reason connected with the purchase of the items mentioned in this contract, or in any way related thereto, the parties agree to submit the controversy for decision to the American Arbitration Association to the office located in Los Angeles County, CA.

2018 TERMS AND CONDITIONS / LIMITED WARRANTY

Introduction

This Return and Warranty Policy Statement applies to Secura Key manufactured equipment purchased directly from Secura Key. For other manufacturer's products supplied by Secura Key, refer to those manufacturers' Warranty Policy for details. If you have acquired Secura Key equipment through a distributor, contact them to return the equipment to the place of purchase. **The terms of Secura Key's Return and Warranty Policy changed significantly in 2015 and are reflected here in this document.** As all statements herein are subject to change, please check our website at www.securakey.com for the latest policy. **If you have questions about this policy, contact Secura Key Customer Service (800) 891-0020.**

Secura Key Limited Warranty (United States and Canada)

Secura Key products are warranted against defects in materials and assembly for three (3) years. In the event that any Secura Key manufactured product fails to perform as intended during the warranty period, Secura Key will replace the defective product with a new or refurbished product. This is subject to the equipment being installed in accordance with the instructions and used appropriately in suitable conditions. **The warranty period begins on the date of shipment from our factory, or if sold through a Distributor, on the date of sale (original receipt or documentation is required).** This warranty does not include your cost for taxes, duties, or installation expenses.

Warranty claims require a Return Material Authorization (RMA). (See next page under 'To Obtain an RMA')

Return of **E*TAG, RADIO KEY READER AND ANY CARD** defective products shall be at the sole discretion of Secura Key. Customer must retain the defective product for a thirty (30) day period following the issuance of the RMA, during which time Secura Key reserves the right to request return of the defective product. Products must be returned if requested, freight prepaid. If requested defective products are not returned within 30 days, the customer account is subject to full cost of the replacement unit. **Return of Touchcard™ and Control Panel defective product is always required,** and must be done within 30 days or customer account is subject to full cost of the replacement unit.

Warranty Exclusions

- Products which have failed due to vandalism, willful damage, installation errors, inappropriate electrical loading, mis-use or "Acts of God" and/or "Acts of Nature" such as lightning, fire, flood, hurricane, etc.
- Cards that have been modified by third parties after sale in a manner that affects performance of the card.
- Reader Modules, Code Strips, Tags or Inserts that are embedded into other products - these are covered by a separate warranty - check with factory.
- Products where the serial number has been defaced or removed.
- Products not manufactured by Secura Key are covered by their own original manufacturers' warranty. These include but are not limited to SK-KPM/S (Barantec), NETCONV (B&B Electronics), SK-LAN (Lantronix), SK-MDM (U.S. Robotics), SK-IDPTR-1-7 (Ultra Magicard), SK-BAT (Union Battery), SK-USB (Belkin), DTK-XR/CR (Ditek). Please contact SECURA KEY Customer Service for warranty, repair or replacement instructions.
- Software - all software is provided on an as-is basis without warranty, and it is non-returnable once the packaging is opened. Software media (memory stick or CD-ROM) is warranted against defects for 90 days. Telephone Technical Support will be provided at no charge during normal business hours, and software updates will be available at no charge at Secura Key's sole discretion. Secura Key does not grant any warranty with respect to any Software Program, and no warranties of any kind, whether written or oral, implied or statutory, including warranties of merchantability or fitness for a particular purpose, shall apply.

Warranty Limitations

THE WARRANTY SET FORTH ABOVE IS EXCLUSIVE AND NO OTHER WARRANTY, WHETHER WRITTEN OR ORAL, IS EXPRESSED OR IMPLIED. SECURA KEY SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. The remedies provided herein are the buyers' sole and exclusive remedies. In no event shall Secura Key be liable for damages in excess of the purchase price of the product, for direct, indirect, special, incidental or consequential damages (including loss of profits) arising out of the installation, use, or inability to use such product, or loss resulting from the operation or performance of any third party product or any systems in which a Secura Key product is incorporated, whether based on contract, tort or any other legal theory.

Export Warranty (All countries except U.S and Canada)

"Secura Key products are warranted against defects in materials and workmanship for a period of three (3) years from the date of purchase. Secura Key shall replace products which prove to be defective and are sent to Secura Key freight prepaid within the warranty period. Return freight will be charged to customer. This warranty does not include freight, taxes, duties, or installation expenses. The foregoing warranty shall not apply to defects resulting from abuse, misuse, accident, alteration, neglect, unauthorized repair or installation, and "Acts of God", such as lightning, fire, flood, hurricane, etc. Secura Key shall have the right of final determination as to the existence and cause of the defect. THE WARRANTY SET FORTH ABOVE IS EXCLUSIVE AND NO OTHER WARRANTY, WHETHER WRITTEN OR ORAL, IS EXPRESSED OR IMPLIED. SECURA KEY SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. The remedies provided herein are the buyers' sole and exclusive remedies. In no event shall Secura Key be liable for direct, indirect, special, incidental or consequential damages (including loss of profits), whether based on contract, tort or any other legal theory."

Warranty Replacements

Subject to the terms of the limited warranty in effect at the time of purchase, Secura Key will replace a product that fails to operate as intended within the product's warranty period. Products will be replaced with new or reconditioned products at Secura Key's sole discretion. For all warranty replacements, Secura Key will ship replacement equipment via UPS Ground 2-day at no additional charge. If you request expedited return shipping, we will charge for the shipping cost. In most cases, **E*TAG® AND RADIO KEY® READER AND CARD defective products** will be replaced as soon as the RMA is acknowledged, subject to standard lead times. Return of the defective products may be required at Secura Key's sole discretion within 30 days of the RMA, so the customer must retain the defective product for 30 days. **Touchcard™ and Control Panel** defective product must be returned to the factory within 15 days of the issuance of the RMA, or the customer account will be charged the full cost of the replacement product.

If Secura Key agrees to replace a defective product under the terms of this warranty, no extension of the original warranty period will occur. Non-warranty replacements have been discontinued as of July 2014.

TERMS AND CONDITIONS / LIMITED WARRANTY (continued)

Credit returns

At its sole discretion, Secura Key will issue the Customer a credit equal to the purchase price, minus a fifteen percent (15%) restocking charge, for all Secura Key approved returns for Standard Products (excluding Software Products). Standard Products may only be returned for credit within 90 days of the date of purchase from Secura Key. The Standard Product must be new and in complete original factory packaging with the unbroken original seal. Credit will not be issued for damaged, shop worn or previously installed Standard Products, or for Standard Products which have missing parts or which have defaced or damaged packaging. Freight to Secura Key's facility will be at Customer's expense. No Custom Products (including, without limitation, custom cards, standard cards, tags, keys, or transponders that have been programmed, encoded or marked to customer specifications, or custom-built readers with customer-specified hardware or firmware) can be returned to Secura Key for credit for any reason other than for a warranted Product defect.

Procedures for Replacement or Return of SECURA KEY Product

Before you can return any product to Secura Key and/or obtain a warranty replacement, you must request a return material authorization (RMA) number. This applies to all product returns, including:

- Warranty repair/replacements
- Credit returns

YOU MUST HAVE AN ACCOUNT WITH SECURA KEY TO OBTAIN AN RMA

If you purchased the product through a Dealer or Distributor, it must be returned through the Dealer or Distributor.

To Obtain an RMA

1. Contact Secura Key Technical Support at 1.800.891.0020 (option 2)

- Tech Support will assist you in correcting the problem or quickly confirm that the product is defective

2. Tech Support will then issue you a Ticket Number

- **PLEASE NOTE: this Ticket Number is not the same as an RMA Number.**
- This Ticket Number must be included on the RMA form (This is not necessary for credit returns).
- If the product is defective, you will need to submit an RMA Request Form to receive an RMA number.
- The RMA Request Form can be found:
 - On our website at: securakey.com > Support > Sales & Service > RMA Policy
 - Or, our RMA Department can fax or email a copy of the blank form to you, contact them directly at rma@securakey.com

To complete the RMA Request form you will need the following information:

- Ticket Number from Tech Support
- Original Invoice Number and/or Product Serial Number
- Model number or part number
- Reason the product is being returned

3. Submit the RMA Request Form to Secura Key RMA Department: rma@securakey.com

- We will fax or e-mail the RMA acknowledgment form to you, confirming your request and provide you with an RMA Number.

Returning a Product to Secura Key under an RMA

- a) Repackage the product appropriately protecting the product from damage, and include a copy of the RMA acknowledgment form.
- b) Send the product to Secura Key **RMA Department, 20301 Nordhoff St., Chatsworth, CA 91311**

Print the RMA Number on the outside of the package. Packages received without the RMA number written on the outside of the package may be refused and returned to you at your expense

- c) All products must be returned freight prepaid within 15 days of obtaining an RMA. We will not accept unauthorized returns or freight collect returns; we will return these to you at your expense.
